1016-31-155   **Laura DeMarco*** (`demarco@math.uchicago.edu`), Department of Mathematics, University of Chicago, 5734 S University Ave, Chicago, IL 60637. *A pull-back formula in pluripotential theory.*

I will discuss a result in higher-dimensional potential theory; the proof uses both complex dynamics and algebraic number theory. (Received February 10, 2006)
